PROFESSIONAL SUMMARY

Diploma in Information Technology graduate with hands-on experience in full-stack web development, specializing in building responsive and scalable web applications. Proficient in Java, Python, JavaScript, React, Node.js, and SQL. Experienced in developing CRUD systems, RESTful APIs, and applying MVC architecture during a 6-month industry internship. Strong understanding of software development life cycle (SDLC), debugging, and database design. Seeking a junior developer role to apply and grow my technical skills in a professional environment.

EDUCATION

Diploma in Information Technology
Belgium Campus ITversity, Pretoria
2023 – 2025

Dimension Data Saturday School Program

Web Technologies: HTML5, CSS3, React, Node.js, Express.js, Responsive Web Design

Backend & APIs: RESTful API Development, CRUD Application Development, API Integration, MVC Architecture

Databases: MySQL, PostgreSQL, SQLite, Database Design

Tools & Practices: Git/GitHub, Agile Methodology, Code Reviews, Debugging

---

KEY PROJECTS

SARS WEBSITE MOCKUP

- Developed a responsive, interactive frontend web application using HTML5, CSS3, and Vanilla JavaScript.
- Implemented dynamic form state management, file upload simulation, and modular UI components.
- Focused on clean UI/UX design, utilizing CSS Grid/Flexbox for cross-device compatibility.

Flask Dashboard Web Application

- Developed a full-stack dashboard application using Python (Flask), HTML, CSS, and SQLite

- Implemented authentication system with encrypted passwords using Werkzeug security
- Built dynamic task management system with full CRUD operations and status tracking
- Designed a clean and responsive UI to improve user experience and usability
- Applied backend structuring and routing best practices for scalability

Personal Portfolio Website

Full-Stack Web Application

- Built a responsive portfolio website using React and Node.js to showcase projects and technical skills
- Implemented performance optimization techniques to improve load speed and user experience
- Added features including dark/light mode toggle, smooth animations, and dynamic project rendering
- Integrated GitHub for version control and deployment

SOFT SKILLS

- Critical thinking and analytical problem-solving
- Strong technical communication (written and verbal)
- Collaborative team player with active listening skills
- Adaptable to new technologies and changing requirements
- Self-motivated with strong time management abilities

LANGUAGES

English – Fluent | IsiXhosa – Fluent | IsiZulu – Fluent
